

Two \$1,000 Scholarships will be awarded each year in memory of our son Andrew, who graduated from Mineola High School in 2017. He was an Eagle Scout, a volunteer firefighter with the Mineola Fire Department, Class Treasurer and an officer of the National Honor Society. Even as a young boy, Andrew showed an interest in building and creating. He was always full of ideas and always making plans. Mineola High School gave Andrew a creative outlet and the opportunity and encouragement to develop this passion. Here he learned to design, build, weld, and bring his ideas to life. The High School provided him with a foundation which he continued to build on as a Mechanical Engineering student at Binghamton University and in all aspects of his life.
